## WARRINGTON TOWNSHIP BOARD OF SUPERVISORS MINUTES FOR NOVEMBER 27, 2012

The regular meeting of the Warrington Township Board of Supervisors was held on November 27, 2012, 7:30 p.m., at the Township Building located at 852 Easton Road, Warrington, PA 18976. The members present were as follows:

## ATTENDANCE:

Gerald Anderson, Chairperson; John Paul, Vice Chairperson; Marianne Achenbach, Secretary/Treasurer; Matthew W. Hallowell, Sr., and Shirley A. Yannich, members. Staff present were Timothy J. Tieperman, Township Manager; William R. Casey, Esq., Township Solicitor; Richard Wieland, Township Engineer; Barbara Livrone, Executive Assistant to the Township Manager; and Barry Luber, Chief Financial Officer.

## MOMENT OF SILENCE

Mr. Anderson asked for a moment of silence.

## PLEDGE OF ALLEGIANCE

The meeting opened with a pledge to the flag.

## EXECUTIVE SESSION REPORT

Mr. Anderson reported that the Board reviewed the 2013 budget in a pre-meeting discussion with the Township Manager and Chief Financial Officer. He stated the proposed budget will be made available for public view on Wednesday, November 28, 2012 and will be posted on the Township's website. He stated that Board and Staff are recommending no millage increase with the exception of the open space referendum ( 0.67 mills).

## PRESENTATION BY EAC \& VILLANOVA STUDENTS FOR PECO GRANT

Mr. Fred Suffian, Chairman of the Environmental Advisory Committee, presented a draft proposal to the Board for its approval for a 2012 \$10,000 PECO Green Region Grant Application, which requires a $\$ 10,000$ local match. He acknowledged the EAC's partnership with the following groups: (1) The Open Space and Land Acquisition Task Force; (2) Park and Recreation Board; and (3) Villanova University. He recognized Professor Karl Schmidt and Anitha Kannan. The students helped Suffian assemble the power point presentation that was shared with the Board. (See Attachment A).

Mr. Suffian fielded some questions from Board members. He explained the grant's three (3) components and emphasized the final product will create future funding opportunities in the Township. Mr. Anderson stated this proposal coincides nicely with the activities of the Open Space Committee. He said trail enhancements remain a high priority.

Mr. Paul motioned, seconded by Mrs. Yannich, to approve the Resolution authorizing application to the 2013 PECO Green Region Open Space Program. The motion passed by a vote of 5-0. (See Attachment B).

## APPROVAL OF BILL LIST:

1. November 13, 2012 to November $27,2012-\$ 304,830.85$

Mrs. Achenbach motioned, seconded by Mr. Paul, to approve the bill list from 11/13/12 to $11 / 27 / 12$ totaling $\$ 304,830.85$. This motion passed by a roll call vote of $5-0$.

## APPROVAL OF MINUTES:

## 2. October 23, 2012

Mr. Paul motioned, seconded by Mr. Hallowell, to approve the October 23, 2012 Meeting Minutes. The motion passed by a vote of 5-0.

## MINUTES FOR POSTING:

## 3. November 13,2012

Mr. Paul motioned, seconded by Mrs. Achenbach, to approve the posting of the November 13, 2012 Meeting Minutes. The motion passed by a vote of 5-0.

## PUBLIC COMMENT:

The following residents offered public comment:

- Mr. Aaron Moore (2300 Pileggi Road) regarding the placement of "no parking" signs on the Pileggi Road cul-de-sac.
- Ms. Val Shartle (750 Country Club Lane) regarding the Fairway's request for the repeal of the amusement tax.

Mr. Paul motioned, seconded by Mrs. Achenbach to suspend the regular meeting at 7:55 PM and open a public hearing. The motion passed unanimously.

## 4. Consider the adoption of a Resolution approving the transfer of a liquor license from 11 Melograno 73 Old Dublin Pike in Doylestown to Warrington Pizza 636 Easton Road.

After inquiring Mr. Anderson reported that there was no one in the audience that wanted to become a party of record at this public hearing.

Herbert K. Sudfeld, Jr., Esq. appeared before the Board, representing the applicant Warrington Pizza Restaurant, Inc. This establishment is requesting the transfer of a liquor license from 11 Melograno, 73 Old Dublin Pike in Doylestown to Warrington Pizza of 636 Easton Road. Mr. Hector Guerra is the owner of Warrington Pizza Restaurant, Inc.

Mr. Anderson said that the testimony for the public hearing was closed.
Mr. Paul motioned, seconded by Mr. Hallowell, to approve the request of the transfer of a liquor license from 11 Melograno 73 Old Dublin Pike in Doylestown to Warrington Pizza 636 Easton Road. The motion passed unanimously.

Mr. Casey was directed to prepare the Resolution for the Board's signatures. (See Attachment C)
Mr. Anderson closed the public hearing at 8:05 PM.

## OLD BUSINESS:

## 5. Consider land development waiver for Champps (Valley Square).

Mr. Paul motioned, seconded by Mr. Hallowell, to approve the land development waiver for Champps (Valley Square) conditioned on the applicant addressing all punch list items that as identified by the township engineer. The motion passed unanimously.

## NEW BUSINESS (ACTION/DISCUSSION ITEMS):

## 6. Presentation of 2013 Proposed Operating and Capital Budget.

Mr. Tieperman gave a verbal update on the 2013 Proposed Operating and Capital Budget, supplementing items to his November 13, 2012 power point presentation. He referenced four (4) noteworthy items in this year's budget document: (1) The open space referendum and projected . 67 mill impact; (2) emergency services consolidation; (3) the five-year capital plan and (4) the opening of the 202 parkway. He reviewed the budgetary pie for all revenues and expenditures comprising the general fund as well as the all funds summary for all municipal operating and capital accounts.

He stated the budget will be posted publically on November 28, 2013 to being the required $20-$ day review period before the budget's final adoption consideration on December 18, 2012. (See Attachment D)

## 7. Emergency Services Committee Presentation.

Mr. Harry McCann, member of the Emergency Services Committee (ESC), presented the Committee's final findings and recommendations to the Board of Supervisors. He reiterated the Board's primary charge which was to evaluate the current state of emergency services within Warrington Township, review alternatives and make some definitive recommendations for the Supervisors' consideration and adoption. He explained the processes involved and the evaluations into how other municipalities have approached these challenges.

After introducing all ESC members, he gave a comprehensive power point presentation outlining the ESC's evaluation process and the Committees goals. He reviewed the survey information gathered from studying how other municipalities addressed the day time coverage dilemma. In his concluding remarks, Mr. McCann shared the Committee's final recommendations that comprised three components:

1. Hiring the equivalent of four (4) employees to support fire suppression activities during daytime hours;
2. Consolidating fire and emergency operation under one Emergency Services Department;
3. Creation of a new Emergency Services Director

Following the presentation, Mr. McCann said Committee is seeking the Board's endorsement of its recommendations. He stated that the ambulance merger will occur first and that the hiring of a professional Director soon will help with this process, including the updating of all job descriptions, the development of new policies and procedures and new standard operating procedures to name a few.

Mr . Anderson commented on the volunteer incentive program, stating that it should still remain in place.

Mr. Paul thanked all the Committee members and felt the final presentation was very thorough and well done. He said that he's ready for the Board to move onto the next step.

Mr. Paul motioned, seconded by Mrs. Achenbach, that the Board accepts the Emergency Services Committee's final report, endorses its recommendations, and hereby authorizes the Committee to move to the next step. The motion passed unanimously.

Mr. Paul motioned, seconded by Mrs. Achenbach, to direct the Township Manager and Chief Financial Officer to begin implementing all necessary administrative arrangement to integrate the ambulance corps under the Township's direct supervision with a targeted goal of December 18, 2012. The motion passed unanimously.

Mr. Paul motioned, seconded by Mrs. Achenbach, to have the Board move forward as quickly as possible to appoint an Emergency Services Director. The motion passed unanimously.

## 8. MANAGER'S REPORT:

## a. Authorize Auditor Advertisement.

Mr. Anderson motioned, seconded by Mr. Paul, to authorize the auditor advertisement for the appointment of a professional auditor at the Board's January 7, 2012 Reorganization Meeting. The motion passed unanimously.

## 9. CHAIRMAN'S REPORT:

a. Signs for Valley Gate Development

Mr. Anderson received a request from Gilmore \& Associates, who represents Warrington Point, to place a sales trailer along Route 611 advertising luxury condominiums at the Valley gate development. Staff will issue a permit once it receives all required backup information. Supervisors voiced no objections to this request.
b. Removal of Sidewalks along County Line Road

Mr. Anderson reported that PennDOT most likely will approve the request on the WD2 section to remove the sidewalk along a portion of County Line Road if the Township desires to move forward. PennDOT is looking for direction as to what sidewalks the Township would like removed along County Line Road before rendering their decision. He asked the township engineer to draw up a sketch plan that will show where the sidewalks are located that the Township wants removed and make this plan available at the Board's December 11, 2012 meeting.

## c. Open Space Committee Meeting

Mr. Anderson reported on last night's Open Space Committee meeting. He had discussed with Chairman McGowan some Committee questions regarding TDRs and open space definitions as well as the status of its earlier recommendation to place deed restrictions on current township-owned parcels. He also discussed with them possibilities for future trail connections.

## d. 202 Parkway

Mr. Anderson announced that the ribbon cutting for the 202 Parkway is scheduled for December 3, 2012.

## 10. ENGINEER'S REPORT:

## a. $\mathbf{2 0 1 2}$ Road Program Update

Mr. Wieland reported that the paving work under the 2012 road program has been completed by the two contractors. Both companies are working off a punch list to complete some miscellaneous work.

## b. Lamplighter Villas

Mr. Wieland reported that there is a potential developer working with the bank to acquire the remaining 21 units under Phase IV. This issue has yet to be resolved.

## 11. SOLICITOR'S REPORT:

## a. Meridian.

Mr. Casey reported that he received the estimates for the paving improvements that need to be completed based on the violations at Meridian. He sent the estimates to the bank and asked them to authorize payment. Mr. Anderson asked the solicitor to set up a meeting with the bank to address these outstanding issues.

Mrs. Yannich recused herself from all discussions on this matter since she is a Meridian resident.

## b. Malcolm's

Mr. Casey reported that the Malcolm issue is in litigation and he's waiting for a legal response. Mr. Anderson wants to see an ordinance that would allow the Township to declare the Malcolm property a blighted area. He said the Township would need to apply for some CDBG monies to move forward with this project.

## SUPERVISOR COMMENTS:

a. Mulching Operation

Mrs. Yannich thanked Mr. Anderson for having forwarded to her a copy of a ruling handed down by Judge Scott regarding mulching operations at Tinicum Township quarry. He ruled the operation to be a manufacturing operation, not an agricultural activity protected by the Farm Act.

## ADJOURNMENT

Mr. Paul motioned, seconded by Mrs. Achenbach, to adjourn the meeting at 9:10 p.m. The motion passed unanimously.

Action Requested: A resolution by the Board of Supervisors (BOS) to apply for a 2012 PECO Green Region Grant for the amount of $\$ 10,000$ and to expend an additional $\$ 10,000$ of matching funds necessary for the project's success.

Background: While The Township's Open Space Plan was updated in 2010, the update did not include a valuation of the green infrastructure ( GI ) benefits of maintaining existing open space and the values of considering GI towards the acquisition of additional open space. Recognition of Gl will open additional doors for grant funding and foundation support for Warrington to fully implement our Open Space objectives.

Recognizing that open space in our communities is crucial to the quality of our lives, PECO has committed to supporting municipalities in southeastern Pennsylvania with their ongoing efforts to protect or improve public spaces. PECO designed the Green Region Open Space Program to assist local communities in these efforts by providing funding for some expenses not otherwise covered by state or county programs. Eligible activities under the Green Region Grant include developing and updating open space plans. Funds may be used for habitat improvements such as installing or improving meadows, woodlands, and riparian buffers. The plans also may include the installation of capital improvements for passive recreation such as trails, boardwalks, kiosks and observation platforms (but not parking lots), acquisition (by purchase or donation) of parcels of land to be used for open space and acquisition (by purchase or donation) of conservation easements (also known as "development rights").

Villanova University's Center for the Advancement of Sustainability in Engineering seeks to protect and restore our environment through research on the integration of sustainability principles in engineering practice. To meet "the needs of the present without compromising the ability of future generations to meet their own needs" mandates an inclusive, interdisciplinary, systems approach towards addressing resources needs. Villanova University is the only University in Pennsylvania offering this type of program.

## PECO Proposal:

The proposal will have three components:

1) Enhance our existing Open Space plan with a valuation of existing Green Infrastructure and identify additional areas consistent with the plan to acquire additional green infrastructure.
2)Create an outdoor classroom along an existing trail that explains green infrastructure, using signs and demonstrations to showcase items like our constructed wetlands, the deer feeding plots, native species etc.
2) Develop preliminary designs to install a new section of trail, either on Township owned property, PennDOT property or PECO right of way.

Grant and match funding will be used to purchase all materials and signage for the outdoor classroom, and for student stipends to complete all three components of the project.

## MEMO TO

RE: 2013 PROPOSED BUDGET
I am pleased to submit to you a proposed 2013 Operating Budget and a 2013-2017 Capital Improvement Plan (CIP). The 5-Year CIP is a new feature to the Township's budgetary process and was developed in part to help the Board of Supervisors meet its 2012 goals. The CIP provides a "rolling" five year needs assessment for capital projects and capital equipment. The CIP's annual adoption will provide Staff with the proper framework for prioritizing and allocating limited resources.

The proposed 2013 Operating Budget assumes the gradual introduction of career firefighters/EMTs to help cover weekday and daytime response calls. We are recommending no restoration of the 1 mill fire/EMT tax at this time pending the outcome of a SAFER (Staffing for Adequate Fire and Emergency Response) Grant that would fund these added personnel costs. Should these funds become available, we are recommending phasing in these positions on or around the $4^{\text {th }}$ quarter of 2013. The Board, at its discretion, may wish to consider a special referendum next November to restore the 1 mill tax.

The proposed budget also includes a dedicated mill levy to cover debt service costs, a portion of which ( .65 mills) will be appropriated to open space as approved at the November 6 , 2012 referendum. We anticipate selling bonds in early 2013 to take advantage of historically low interest rates.

## 2012 Fiscal Challenges

Financially, 2012 was a difficult year as revenues remained flat due to persistent recessionary effects and three large named storm events: Tropical Storm Lee, Hurricane Irene and Superstorm Sandy all combined to strain township resources which were not budgeted events.

## Township-Wide Budget Pie Chart

Below is the 2013 operating budget pie chart, based on the new integrated fund structure that was adopted as part of last year's budget

## 2013 EXPENDITURES BY FUND \$25,278,014

## A YEAR INREVIEW AND A LOOK AHEAD

In early 2012 the Board of Supervisors approved a list of ten goals for 2012 and beyond. Below is a progress report on these goals:

## Progress Report on Board Goals

## Goal \#1: Ask Warrington voters to consider another Open Space Referendum

Staff developed an informational brochure that was mailed to all township property owners. The brochure explained specifically the referendum's tax impact and how the proceeds would be utilized. Separate FAQs were also distributed to answer all residential inquiries about the referendum. On November 6, 2012 voters approved the referendum $66 \%$ to $33 \%$.

The goal now will be to develop a financial plan to raise the $\$ 3$ million as part of an electoral debt issue sometime in early 2013.

## Goal \#2: Reinstate Emergency Services Committee

The Emergency Services Committee was reestablished and worked diligently on several issues including: daytime firefighter coverage and the creation of a combined department to oversee fire, ambulance and emergency services. The Committee's recommendation to include the equivalent of four (4) full-time firefighters is included in the budget document, pending the outcome of a SAFER Grant. As described earlier, we are proposing a $4^{\text {th }}$ quarter implementation.

## Goal \#3: Refinance existing bonds to address looming balloon payment issues

The Board of Supervisors refinanced the 2007 General Obligation Bond Issue which yielded savings of approximately $\$ 750,000$. The Supervisors also authorized the borrowing of $\$ 3$ million in new funds for the sole purpose of improving the township's streets. No additional tax dollars will be needed to repay the bond issue as the Township will use a portion of its annual Liquid Fuels allocation from the Commonwealth of Pennsylvania to repay this debt.

A second refinancing is scheduled in late 2013 to refinance the 2008 General Obligation Bonds, which if planned accordingly, should erase a good portion of this balloon payment. There remains, however, a structural deficit in the debt service fund, for which we are recommending a .35 mill adjustment. This will shore up our debt service fund and should help preserve our AA bond rating.

## Goal \#4: Develop a 5-Year Road Improvement Plan

Staff prepared a 2013-2017 Capital Improvement Plan (CIP) that was incorporated into this budget document - see Capital Reserve section. In addition to the improvement of roads, this plan lays out the needs for other capital needs to maintain the township's infrastructure, meet regulatory guidelines and keep township open space and facilities in good condition.

Goal \#5: Development of a pay matrix for all non-uniformed staff, which is tied to employee performance

The Township Manager's Office did prepare a Performance Pay and Classification Program for its non-union employees. This new compensation plan is based on performancebased principles and represents an entirely new approach at setting annual pay adjustments that are centered on goals-based performance appraisals. This year's draft budget includes a 3\% performance pool.

## Goal \#5: Cleaning up the Township Zoning Code

At the Board of Supervisors' encouragement, the Township Planning Commission has formed several subcommittees. These subcommittees began crafting appropriate ordinances to update the Township's Zoning Code to make it less cumbersome and more flexible to develop difficult lots. This process will continue next year.

Goal \#6: Clean up 611Corridor and improve enforcement of zoning regulations
Work is progressing on the Warrington Business Gateway project. This project has undergone various evolutions based on feedback received from major corridor businesses. In 2013, the Planning Commission will be finalizing a proposal to incorporate the Gateway District concept into the 611 Corridor Overlay. The Commission hopes to have a final recommendation to the Supervisors by mid-2013 at the latest.

Goal \#7: Find more innovative ways to remove deteriorating properties and address abandoned County Line Rd property owned by the Township

The abandoned structure on County Line Rd. has been razed and the vacant land merged into the Township's open space system. Staff is now working to raze and promote the redevelopment of certain blighted structures, particularly the abandoned Malcolm's property. Staff is also working to update the Zoning Code to encourage better upkeep of storefront properties. These projects dovetail somewhat with Goal \#6 above.

## Goal \#8: Finishing and occupying of the Public Works Facility

Architectural and
Engineering work was completed on the design of the new Public Works Facility to be located at 3361 Pickertown Rd. All work was bid out.

Unfortunately, the bids were priced significantly higher than the estimated project budget. Therefore, the Supervisors decided to divide the project into two phases. Phase 1 is slated for completion in 2013 and will include a new salt storage building and a new public works structure to house Township vehicles. Phase II will be completed at a later date to complete office and garage fit outs. This could possibly be a "new money" project depending on the outcome of our 2013 bond refinancing in late December

## Other Capital Projects

## Road Paving Project

In 2012, the Supervisors wisely decided to take advantage of historically low interest rates and used a portion of its annual state highway aid to issue $\$ 3$ million in bonds to pave over 62 roads in Warrington. These newly repaved roads extend their useful lives by at least twenty (20) years and provides a smoother ride for our residents.

## Twin Oaks Day Camp - Main Swimming Pool

The Township rehabilitated the large pool at Twin Oaks Day Camp in 2012. The project encompassed major pool deck coping/caulking and new ceramic tile to seal aging cracks as well as new coat of paint.

## Township Building - Lower Level Renovations

The project reintegrating the Codes Department to the Township Building was completed in 2012. The scope included a complete renovation to provide new office and conference room space. Centrally locating all permitting functions back to the main township building now allows all residents to transact business from one location, whether it is paying their water bill, getting a deck
permit or purchasing recreation discount tickets.

## Pine Cone Road Culvert Replacement

The deteriorating condition of this culvert necessitated its complete replacement along Pine Cone Road.

## Township Building Parking Lot

The useful life of an asphalt road or paved area is approximately twenty years - that is just about how many years that the parking lot at the township building lasted. The parking lot makeover was completed in 2012 including the fixing of drainage problems and new line striping.

## Police Station Renovations

New carpeting, new rubber flooring and new vinyl flooring were installed in the Police Stations main work area, prisoner processing room and offices, respectively. Additionally, all areas received a fresh coat of paint and all desk chairs were replaced.

## Other Projects

## Financial Projects

## Policies

Two key polices were adopted by the Board of Supervisors in 2012 to help strengthen the internal controls and financial stability of the Township. An Investment Policy designed to provide for the safety of all township funds was adopted. A Purchasing Policy was also adopted to establish guidelines for the procurement of goods and services.

## Banking

The Township issued an RFP (Request for Proposal) to local institutions for banking services that best meet Warrington's financial needs. Fulton Bank was selected after a competitive review process. The Township has begun migrating most of its banking services to Fulton which should be completed in early 2013.

## Swim Club Management

For the first time, Warrington Township contracted out the management of swim club operations at Mary Barness Tennis \& Swim Club and the Lifeguard operations at Twin Oaks Day Camp. While the Township still maintained maintenance of the facilities and overall management of both operations, having a management company (American Pool Management) that specializes in running swimming pools has helped streamline the operations and has helped to reduce costs.

## Direct Debit Option for Water/Sewer Customers

In June Warrington Township began offering customers a direct debit option to pay their utility bills. This makes a more convenient option for paying bills and reduces the amount of office time to process the transaction. We are hoping more residents and businesses will take advantage of this payment option.

## Information Technology (IT) Improvements

The Township completed a three-phase technology improvement project. These phases included an upgrade to the Township's computer servers, the installation of new accounting software and new upgraded computers. This project resulted in more memory capacity, financial reporting flexibility and reduced energy costs to name a few.

## 2013 Cost-Containment Initiatives

## Lawn Maintenance

This proposed budget includes some cost containment strategies to help the Township offset its increases in fixed costs. One area where we are focusing is lawn maintenance. The 2012 lawn maintenance contract was $\$ 231,000$, a $110 \%$ increase over 2011. Staff continues to analyze this contract to locate potential savings. Areas being explored include: (1) the use of more seasonal workers; (2) leaving some areas in their naturalized state and (3) requiring private property owners to maintain areas within the public rights-of-way, similar to the same requirements for snow and ice removal.

The budget does include some modest savings based on the above identified options.

## Attrition

Upon retirements or employees leaving the township's employ, each position will be scrutinized to determine if the position needs to be replaced or if it can be accommodated in some other manner. The 2013 budget contains $\$ 75,000$ in potential savings based on pending retirements.

## Privatization

Another potential savings area is exploring privatization of certain services in the Township. The private sector often has built-in efficiency drivers that can provide the same services at a reduced price. We have included an estimated $\$ 120,000$ in savings in the proposed 2013 budget.

## BUDCET HLGADIGHISBX HUND

## General Fund

The 2013 General Fund reflects the consolidation of the fire and ambulance funds into the new Department of Emergency Services. This consolidation will add approximately $\$ 1.55$ million in revenues and $\$ 1.68$ million in expenditures. The following bullets represent our 2013 budget assumptions:

- Earned Income Tax: Revenues are expected to increase slightly due to new development (3\%)
- Real Estate Transfer Tax: Revenues are expected to increases slightly due to new development (5\%)
- Local Service Tax: Revenues are expected to decrease due to an unusually high budget amount for 2012 (-18\%)
- Flat-Rate Business Privilege Tax: These revenues are not budgeted, pending the outcome of the Pennsylvania Supreme Court decision. All tax proceeds collected to date have been placed in escrow and are not included in the 2013 Proposed Budget.
- Building Permits: This category shows an increase of $\$ 167,000$ because of impending residential and commercial development.

Total General Fund expenditures are budgeted at $\$ 11.36$ million, as compared to $\$ 9.87$ million in 2012. This increase is attributable to consolidation of the Ambulance and Fire Funds into the General Fund and the incorporation of the Ambulance operations into this new department. Other components of the increase are due to rising health care costs, police labor costs, and increased pension obligations in addition to other spikes in fixed costs.

## Fire Protection Fund

The Fire Protection Fund has been merged into the proposed 2013 general fund budget as part of creation of a new Department of Emergency Services.

## Ambulance Fund

The Ambulance Fund has been merged into the proposed 2013 general fund budget as part of the creation of a new Department of Emergency Services.

## Capital Reserve Fund (2008 Bond Issue)

With the new Public Works Facility Project being delayed until 2013 due to the bids coming in over budget, it is anticipated that the remaining funds from the 2008 bond issue will be spent by the end of the 2013. Some projects are carryovers from previous years; others are new for 2013.

|  | AM014I |
| :---: | :---: |
| Township Building Roof Replacement | \$30,000 |
| Palomino Basin Retrofit | \$120,000 |
| DPW Public Works Facility \& Salt Storage | \$1,410,000 |

| 60 SHW2012 CARMA LROTECSS | AMOUNI |
| :---: | :---: |
| Public Safety Radio Replacement | \$85,000 |
| Twin Oaks Camp - Rehabilitation | \$10,000 |
| Resurfacing of Township Roads | \$307,825 |

## Debt Service Fund

As mentioned above, the Township issued two series of bonds in 2012; one was refinancing the 2007 series and one to provide new money for the resurfacing of township streets. Although the refinancing of the 2007 bond issue generated savings, it did not generate enough savings to cover the structural deficit in this fund which occurred due to the refinancing initiatives in 2008. Therefore, a $\$ 100,000$ adjustment to the debt service mill levy (.35) is recommended to balance this fund.

Due to historically low interest rates, the Board of Supervisors will consider the possible refinancing of the 2008 Bond issue, which will yield some savings, based on market conditions at the time of sale. These savings will allow the Township to "smooth" out the annual debt payments which in the current schedule have three years of "balloon" payments due in 2024 to 2026. It is also anticipated that a bond issue to raise $\$ 3$ million for Open Space initiatives will be completed in 2013 resulting in an annual debt service payment of approximately $\$ 200,000$.

## Highway Aid Fund (Liquid Fuels)

The annual revenue received from the Commonwealth of Pennsylvania's collection of gasoline tax is budgeted at $\$ 457,000$ for 2013 ( $\$ 479,043$ was received in 2012). Expenditures are comprised of four items: Debt Service on the Series 2012B Bond Issue (of which the proceeds were used to repave township roads), Salt and Cinders ( $\$ 80,000$ ), Snow Plowing Contractors ( $\$ 150,000$ ), and Road Reconstruction ( $\$ 85,000$ ). The weather will dictate the actual allocation of funds between snow and ice removal and road reconstruction.

## Internal Service Fund

This fund is utilized to purchase or lease vehicles, major equipment and Information Technology equipment/projects for General Fund Operating Departments. Planned equipment replacements in 2013 include the following items:

|  | AMOUNT |
| :---: | :---: |
| Police Department Patrol Vehicles (Purchase of 2 Cars) | \$ 63,000 |
| Public Works Equipment (3 pieces) | \$ 130,000 |
| Highway Department Street Sweeper (7-Year Lease) | \$ 35,000 |
| Code Vehicle | \$ 22,000 |
| In-Car Cameras for 6 Police Vehicles | \$ 47,000 |

## Water and Sewer Fund

The Fund's proposed 2013 revenue is projected at $\$ 7.85$ million, as compared to expense of $\$ 7.40$ million. The increase in expenses is necessary to fund capital improvements to the water and sewer systems to keep both functioning properly.

Major capital projects proposed for 2013 include the following items:

| County Line Rd. Sewer Extension | $\$ 130,000$ |
| :--- | ---: |
| System-wide Pump Station upgrades | 60,000 |
| System-wide Sewer System Improvements | 30,000 |
| Bristol Rd. Sewer extension | 230,000 |
| Valley Rd. Pump Station upgrades | 40,000 |
| Rehabilitation - Valley Rd. Interceptor | 75,000 |
| System-wide Water System Improvements | 30,000 |
| Install Water Main \& Sewer Line at Penn Valley Pump | 135,000 |
| Pickertown Rd. Sewer Extension | $\$ 30,000$ |
| Project Totals | $\$ 760,010$ |

## CONCLUDING REMARKS AND BUDGET RECOMMENDATION

## Recommendation

The budget as proposed is balanced. The $\$ 25.28$ million combined operating and capital spending plan reflects an $11 \%$ increase over last year's $\$ 22.76$ million combined operating and capital budget. This is primarily due to the addition of the Open Space initiative and the addition of the Warrington Community Ambulance Operational component to the Emergency Services Department. The only increase in millage (one mil) is for the Debt Service Fund which will primarily be used to pay back the debt service on the bond issue undertaken to raise revenue for Open Space acquisition and improvements, as approved by the referendum. Below is the overall budget summary for 2013:

Warrington's total mill levy has remained unchanged for the past 4 years despite ever increasing fixed costs. Furthermore, Warrington's share of the local property tax stands at just $8 \%$ compared to Bucks County's 23.2 mills ( $15 \%$ ) and Central Bucks School District's 122.80 mills (77\%).

In closing, I must stress that while a General Fund balanced budget was able to be achieved in 2013, it was in part due to the anticipated residential and commercial development that is expected to take place over the next few years. Long range planning and analysis will need to be continually developed if Warrington Township is to remain fiscally strong in the longterm.

# Warrington Township 

## 2013 Proposed Budget

## Highlights

Tax Rates - No tax millage increase for the General Fund. The only tax increase is 1 mil for the Debt Service Fund, which will be primarily used to pay back borrowed funds to purchase/improve open space as approved by the voters at the just passed election. The Warrington Township real estate tax burden is still only $8 \%$ of the total tax burden (Bucks County - Central Bucks School District) for township residents.

Emergency Services Consolidation - To improve efficiency, communications, and crossover training, the budget assume the creation of a consolidated Emergency Services Department that will oversee all fire and ambulance operations within Warrington.

Residential and Commercial Development - Several new housing and commercial development projects are slated to begin in late 2012 or early 2013. This will bring a boost to the local economy and to several revenue categories in the township's budget.

- Oak Creek - 23 single homes
- Warrington Glenn - 116 single homes
- Valley Gate -81 townhomes homes and 215,000 square feet of commercial space
- Penrose Walk - 55 single/twin homes
- West tract - 10 single homes
- Lingo tract - 7 single homes
- Ball tract- 6 single homes

Debt Refinancing-the Township will look to take advantage of historically low interest rates and to "smooth out" the repayment schedule of the 2008 bond issue through the refinancing these bonds in 2013.

Open Space Initiative - As approved by voters at the November 2012 election, the Township will sell bonds to raise approximately $\$ 3$ million to be used for the acquisition of open space or for improvements to existing open space.

## GLOSSARY OF KEY TERMS

ACCRUAL BASIS OF ACCOUNTING: The basis of accounting in which revenues are recognized when they are earned and expenses are recognized when they are incurred.

ACT 247: Procedure established by state, requiring municipality to forward any land development, subdivision or zoning changes to Bucks County Planning Commission.

ACTUAL GAP: Annual expenditures exceed annual revenue of a fund; also referred to as a deficit.
APPROPRIATION: A legal authorization granted by the Township Board of Supervisors to make expenditures and to incur obligations for the purposes specified in the annual budget appropriation ordinance. An appropriation is limited in amount and to the time in which it may be expended.

ASSESSED VALUATION: The valuation set upon real estate by the county tax assessor as the basis for levying ad valorem real estate taxes.

ASSETS: Property owned by the Township which has a monetary value.
BASIS OF ACCOUNTING: A term used to refer to when revenues, expenditures, expenses, and transfers are recognized in the accounts and reported in the financial statements. The township's Governmental Fund Types utilize the modified accrual basis of accounting. The Proprietary Fund utilizes the accrual basis of accounting.

BOND: A written promise to pay a specified sum of money at a specified future date along with periodic interest paid at a specified rate. Bonds are typically sold to finance long-term debt.

BUDGET: the plan of financial operation for each calendar year estimating proposed expenditures and the proposed means of financing them. Upon approval by the Supervisors, the budget appropriation ordinance is the legal basis for expenditures during the budget year.

BUDGET DOCUMENT: The official written statement which presents the proposed budget to the Township Board of Supervisors.

BUDGET GAP: The amount that budgeted expenditures exceed budgeted revenue, indicating a drawdown of fund balance, also referred to as a budget deficit.

BUDGET MESSAGE: A general discussion of the proposed budget presented in writing as a part of the budget document. The budget message explains major budget issues, describes the financial experience during the past period and presents recommendations regarding the financial policy during the coming period.

CAPITAL BONDS- ROADS FUND: This fund was established through a 2012 bond issue (to be repaid with Liquid Fuels Funds) for the sole purpose of repaving many of the township's roads.

CAPITAL. RESERVE FUND: The fund used to account for financial resources to be used for the acquisition or construction of capital assets.

CAPITAL PROJECTS: Projects which purchase, construct, or reconstruct capital assets.
CDBG: The federal government's Community Development Block Grant (CDBG) program run by the Department of Housing and Urban Development (HUD).

DEBT SERVICE: Scheduled payments of principal and interest on long and short term debt.

DELINQUENT REAL ESTATE TAXES: Real estate taxes that remain unpaid after the last day of the year.
DEPARTMENT: A major administrative segment responsible for the provision of services within a functional area.

DEPRECIATION: (1) Expiration of the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence; (2) That portion of the cost of a capital asset which is charged as an expense during a particular period.

EXPENDITURES: Where accounts are kept on the modified accrual basis of accounting, the cost of goods received or services rendered whether cash payments have been made or not.

FISCAL YEAR: The 12-month period that begins with the first day of any particular month and ends on the last day of the $12^{\text {th }}$ month to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The township's fiscal year begins January $1^{\text {st }}$.

FIXED ASSETS: Long-lived tangible assets obtained or controlled as a result of the past transactions, events or circumstances. Fixed assets include: buildings; building improvements; machinery and equipment; infrastructure; land and land improvements. In the private sector, these assets are referred to most often as property, plant and equipment.

FRINGE BENEFITS: Expenditures for benefits made on behalf of employees. These benefits include health and dental insurance, life insurance, disability insurance, retirement, FICA and Medicare, prescriptions, vision care, unemployment compensation insurance and workers compensation insurance.

FULL-TIME POSITION: Employee who receives full fringe benefits and whose salary is calculated either on the basis of 7.5 hours per day, 37.5 hours per week, or 1,950 hours annually or for employees working on the basis of 8.0 hours per day, 40 hours per week, or 2,080 hours annually.

FUND: A fiscal and accounting tool with a self-balancing set of accounts to record revenue and expenditures.

FUND BALANCE: The excess of a fund's assets over its liabilities. A negative fund balance is sometimes called a deficit. A positive fund balance is sometimes called a surplus. A portion of the Township's General Fund estimated actual ending fund balance may be reappropriated as a source of funds to balance the following year's budget

GASB: Government Accounting Standards Board which is the authoritative accounting and financial reporting standard-setting body for state and local governments.

GASB 34: The Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments which is the governmental financial reporting model that incorporates business accounting methods into municipal statements.

GENERAL FUND: A governmental fund used to account for all financial resources not required to be accounted for elsewhere by legal, contractual or administrative requirement. The General Fund is the main operating fund of the township.

GENERAL OBLIGATION BONDS: Bonds whose repayment is backed by the full faith and credit of the government issuing them.

GENERALLY ACCEPTED ACCOUNTING PRINCIPALS (GAAP): Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of
an entity. The primary authoritative body on the application of GAAP to governments is the Government Accounting Standards Board.

GOAL: A clearly described target or accomplishment which can be achieved within a given time frame.
