BARRY P. LUBER

**To:** Board of Supervisors

**From:** Christian R. Jones, Director of Water and Sewer/Assistant to the Manager

**Date:** June 9, 2017

**RE: Update on Water Situation**

***Public Water Connections***

As of June 9, 2017:

- 17 properties have been connected to public water.
- 22 properties have been authorized for connection
- 11 private wells have been abandoned

***Costner Filtration Project***

Electricians have set the transformer vault and are installing the conduit for the primary lines. A meeting was held to discuss a change in the route the secondary lines will run to feed the new building and the existing Motor Control Center. The general contractor has finished the exterior block wall construction.

I will be sure to provide additional updates as there are updates to provide.

Thank you!
